Form and Functional Specification

ToDo's :
-do we want to anticipate syllabus use more? (e.g. later integrate with Syllabus tool or syllabus.stanford.edu tool)

2007-09-20 version:
-added specification for copying content from previous sites' Home or Homepage tools. (pg. 7)

2006-11-20 version:
-described 'Add another custom part' behavior
-designated source of Site Title, Long Title, Term, and Instructor in top section
-reorganized sections table to match Section Info
-separated out custom meetings
-removed Description attachment since that isn't in Site Info
-removed 'Display this text in the public view of the site.' since that is in Site Info and confusing here

initial 2006-08-08 version:
-largely co-opted design from Gap 42 http://issues.sakaiproject.org/jira/browse/GAP-2
