Form and Functional Specification

ToDo's :

-do we want to anticipate syllabus use more? (e.g. later integrate with Syllabus tool or syllabus.stanford.edu tool)

2006-11-20 version:

-described 'Add another custom part' behavior

-designated source of Site Title, Long Title, Term, and Instructor in top section

-reorganized sections table to match Section Info

-separated out custom meetings

-removed Description attachment since that isn't in Site Info

-removed 'Display this text in the public view of the site.' since that is in Site Info and confusing here

initial 2006-08-08 version:

-largely co-opted design from Gap 42 <http://issues.sakaiproject.org/jira/browse/GAP-2>
